JAMES DYACK

COMPANY: PRAIRIE ADVISORY CORP.
AND WEST OILFIELD HOLDINGS LTD.

Prairie Advisory Corp. is an M&A, valuations and general advisory firm. West Oilfield Holdings is a COR-certified general oilfield services company (heavy hauling, vacuum truck, mobile crane and construction services) with a focus on well site and facilities construction support.

"My defining moment was my first career change. As an engineer with little exposure to or understanding of business, I was fortunate to be accepted into my top business school choice. This started me on my very focused path of continuous learning, improvement, hard work and a career that went from engineering to management consulting to accounting firm partner to owning an oilfield services company."
~ James Dyack - Managing Partner, Prairie Advisory Corp., and President and CEO, West Oilfield Holdings Ltd.
